Disposal Information

- Most of the packaging materials are recyclable. Please dispose of these materials through your local recycling depot or by placing them into appropriate collection containers.
- If you wish to discard this product, please contact your local authorities and ask for the correct method of disposal.

Important Safety Warnings

IMPORTANT: Read the assembly instruction section and safety precautions of this booklet carefully before removing the contents of this carton.

1. In certain circumstances electrical appliances may be a safety hazard.
2. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety. Young children should be supervised to ensure that they do not play with the appliance.
3. Do not check the status of the filters whilst the cooker hood is operating.
4. Do not touch the light bulbs after use.
5. Do not disconnect the appliance with wet hands.
6. Do not disconnect the power supply by pulling on the cable.
7. Do not flambé underneath the range hood.
8. Avoid free flame, as it may cause damage to the filters and can be a fire hazard.
9. Unplug the appliance before carrying out maintenance, cleaning or replacing lamps.
10. If the power cord is damaged, it must be replaced by the manufacturer, an authorised service centre or similarly qualified persons to avoid a hazard.
11. For indoor use only.
12. It is recommended to operate the range hood prior to cooking.
13. It is recommended to leave the range hood in operation for 15 minutes after cooking is terminated in order to completely eliminate cooking vapours and odours.
14. Turn off the range hood when not in use.
15. Do not use the range hood if it is damaged, especially the supply cord and the case.
16. Do not immerse the range hood in liquid.
17. The exhaust air must not be discharged into a flue which is used for exhausting fumes from an appliance burning gas or other fuels (not applicable to appliances that only discharge the air back into the room).
18. Regulations concerning the discharge of air have to be fulfilled.
19. There shall be adequate ventilation of the room when the range hood is used at the same time as appliances burning gas or other fuels (not applicable to appliances that only discharge the air back into the room).
20. Clean the surface of the cooker hood regularly using a cloth moistened with denatured alcohol or a non-abrasive liquid detergent.
21. There is a fire risk if cleaning is not carried out in accordance with the instructions.
22. The 600mm units are intended for use above hobs that are 600mm wide and the 900mm units are intended for use above hobs that are 900mm wide.
23. The range hood must be mounted at a minimum distance of 65cm above the cooking surface.
24. **CAUTION:** Accessible parts may become hot when used with cooking appliances.
25. **Warning:** Failure to install the screws or fixing device in accordance with these instructions may result in electrical hazards.

Appliance Details

ORU52GLED	
Voltage Rating	220 – 240V ~50Hz
Power Rating	280W
Lamp	1 x 15W LED Panel

ORU90GLED	
Voltage Rating	220 – 240V ~50Hz
Power Rating	290W
Lamp	1 x 25W LED Panel

Installation Instructions

NOTE: The rangehood must be installed at least 650mm above the cooking surface. For best effect, the rangehood should be installed at a maximum height of 750mm.

Cut a hole in the underside of the cabinet, with the dimensions being 500x275 (mm) for ORU52GLED and 880x275 (mm) for ORU90GLED. Ensure that there is a clearance of 35mm between the edges of the hole and the sides of the cupboard.

ORU52GLED

ORU90GLED

Insert the rangehood into the cabinet and tighten the screws with a screwdriver. Ensure that the rangehood is securely in place.

Tighten up the screws
anticlockwise direction

Install the outlet and expansion pipe. Install the outlet on the rangehood, then attach the expansion pipe to the outlet and lead it outdoors.

Note: The expansion pipe is not included with the rangehood.

omega

Installation Instructions

Tips for Exhaust Duct Installation

The following rules should be strictly followed to obtain optimal air extraction:

- Keep the expansion pipe short and straight.
- Do not reduce the diameter or restrict the expansion pipe.
- When using the expansion pipe, always install the pipe pulled taut to minimize pressure loss.

Not following these instructions will reduce the performance and increase noise levels of the rangehood.

Warning:

- Any installation work must be carried out by a qualified electrician or competent person.
- Do not connect the ducting system of the hood to any existing ventilation system which is being used for any other appliance.
- The angle of the bend of the expansion pipe should not be less than 120°. The pipe must be directed horizontally, or, alternatively, the pipe should go up from the initial point and should be led to an outer wall.
- After the installation, ensure that the rangehood is level to avoid grease collection at one end.
- Ensure the expansion pipe selected for installation complies with relevant standards and is fire retardant.

Operating Instructions

1. Press the "Power" button to turn the rangehood on and off.
2. Press the "Speed" button to cycle through the different extraction settings: Low, Medium and High. The LED display will show 1, 2, and 3 respectively.
3. Press the "Light" button to turn the light on and off. Note that the lamp is not controlled by the "Power" button.
4. When the rangehood is running, pressing the "Timer" button will put the rangehood into timer mode. The LED display will count down nine minutes and then the rangehood will switch itself off. Pushing the timer button again will disable timer mode.

Maintenance and Cleaning

Note: Any electrical repairs to this appliance must conform to your local, state and federal laws. Please contact the service centre if in any doubt before undertaking any of the above. Always disconnect the unit from the power source before opening the unit.

External surfaces are susceptible to scratches and abrasions, so please follow the cleaning instructions to ensure the best possible result is achieved without damage.

GENERAL

Cleaning and maintenance should be carried out when the appliance is cold, especially when cleaning. Avoid leaving alkaline or acid substances (lemon juice, vinegar etc.) on the surfaces.

STAINLESS STEEL

The stainless-steel must be cleaned regularly (e.g. weekly) to ensure a long life expectancy. Dry with a clean, soft cloth. A specialized stainless-steel cleaning fluid may be used.

Note: Ensure that wiping is done along the grain of the stainless steel to prevent any unsightly crisscross scratching patterns from appearing.

CONTROL PANEL SURFACE

The inlay control panel can be cleaned using warm, soapy water. Ensure the cloth is clean and well wrung before using. Use a soft, dry cloth to remove any excess moisture left after cleaning.

Important: Use neutral detergents and avoid using harsh cleaning chemicals, strong household detergents or products containing abrasives, as these will affect the appearance of the appliance and potentially remove any printing of artwork on the control panel which will void the manufacturer's warranty.

GREASE MESH FILTERS

The mesh filters can be cleaned by hand. Soak them for about 3 minutes in water with a mild detergent and then brush them gently with a soft brush. Do not apply too much pressure so as to avoid any damage. Leave to dry naturally out of direct sun light.

Note: Filters should be washed separately to crockery and kitchen utensils. It is advisable not to use rinse aid.

INSTALLING GREASE MESH FILTERS

- Angle the filter into the slots at the back of the hood.
- Push the button on the handle of the filter.
- Release the handle once the filter fits into a resting position.
- Repeat to install all filters.

Replacing the LED Panels

Note: Before changing the lights, make sure that the appliance is turned off and unplugged.

Changing the LED panels:

1. Remove the grease mesh filter.
2. Use a screwdriver to unscrew the two screws on the LED panel and dismantle the terminal of the light connecting wire. Take out the LED panel and replace it.
3. Apply the reverse procedure to install the new LED panel. Ensure that you use an exact match for the original LED panel.

ORU52GLED

- ILCOS D code: DSS-15/65-S-340/160
- Max wattage: 1×15 W
- Voltage range: DC 12V
- Dimensions: 340×160 mm

ORU90GLED

- ILCOS D code: DSS-25/65-S-650/160
- Max wattage: 1×25 W
- Voltage range: DC 12V
- Dimensions: 650×160 mm

Troubleshooting

Fault	Possible Cause	Solution
Light on, but motor does not work	Fan switch turned off.	Select a fan switch position.
	Fan switch failed.	Contact service center.
	Motor failed.	Contact service center.
Light does not work; motor does not work	House fuses blown.	Reset/Replace fuses.
	Mains power cable is loose or disconnected.	Refit mains power cable to power outlet. Switch power outlet on.
Oil leakage	One-way valve and the outlet are not tightly sealed.	Take down the one-way valve and seal with sealant.
	Leakage from the connection of chimney and cover.	Take chimney down and seal.
Lights not working	Broken or faulty bulbs.	Replace bulbs.
Insufficient suction	Too great a distance between the rangehood and the cook top.	Refit the cooker hood to the correct distance.
The rangehood inclines	The fixing screw is not tight enough.	Tighten the hanging screw and make set the rangehood horizontal.

Warranty

WARRANTY TERMS AND CONDITIONS RANGEHOODS

This document sets out the terms and conditions of the product warranties for Residentia Group Appliances. It is an important document. Please keep it with your proof of purchase documents in a safe place for future reference should you require service for your Appliance.

1. IN THIS WARRANTY

- (a) 'acceptable quality' as referred to in clause 10 of this warranty has the same meaning referred to in the ACL;
 - (b) 'ACL' means Trade Practices Amendment (Australian Consumer Law) Act (No.2) 2010;
 - (c) 'Appliance' means any Residentia Group product purchased by you accompanied by this document;
 - (d) 'ASR' means Residentia Group authorised service representative;
 - (e) 'Residentia Group' means Residentia Group Pty Ltd of 165 Barkly Ave, Burnley VIC 3121, ACN 600 546 656 in respect of Appliances purchased in Australia;
 - (f) 'major failure' as referred to in clause 10 of this warranty has the same meaning referred to in the ACL and includes a situation when an Appliance cannot be repaired or it is uneconomic for Residentia Group, at its discretion, to repair an Appliance during the Warranty Period;
 - (g) 'Warranty Period' means:
 - (i) where the Appliance is used for personal, domestic or household use (i.e. normal single family use) as set out in the instruction manual, the Appliance is warranted against manufacturing defects for 24 months, following the date of original purchase of the Appliance;
 - (h) 'you' means the purchaser of the Appliance not having purchased the Appliance for re-sale, and 'your' has a corresponding meaning.
2. This warranty only applies to Appliances purchased and used in Australia and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia.
 3. During the Warranty Period Residentia Group or its ASR will, at no extra charge if your Appliance is readily accessible for service, without special equipment and subject to these terms and conditions, repair or replace any parts which it considers to be defective. Residentia Group or its ASR may use remanufactured parts to repair your Appliance. You agree that any replaced Appliances or parts become the property of Residentia Group. This warranty does not apply to light globes, batteries, filters, seals or similar perishable parts.
 4. Parts and Appliances not supplied by Residentia Group are not covered by this warranty.
 5. You will bear the cost of transportation, travel and delivery of the Appliance to and from Residentia Group or its ASR. If you reside outside of the service area, you will bear the cost of:
 - (a) travel of an authorised representative;
 - (b) transportation and delivery of the Appliance to and from Residentia Group or its ASR, in all instances, unless the Appliance is transported by Residentia Group or its ASR, the Appliance is transported at the owner's cost and risk while in transit to and from Residentia Group or its ASR.
 6. Proof of purchase is required before you can make a claim under this warranty.
 7. You may not make a claim under this warranty unless the defect claimed is due to faulty or defective parts or workmanship. Residentia Group is not liable in the following situations (which are not exhaustive):
 - (a) the Appliance is damaged by:
 - (i) accident
 - (ii) misuse or abuse, including failure to properly maintain or service
 - (iii) normal wear and tear
 - (iv) power surges, electrical storm damage or incorrect power supply
 - (v) incomplete or improper installation
 - (vi) incorrect, improper or inappropriate operation
 - (vii) insect or vermin infestation
 - (viii) failure to comply with any additional instructions supplied with the Appliance;

— THIS WARRANTY IS VALID IN AUSTRALIA ONLY —

Warranty

- (b) the Appliance is modified without authority from Residentia Group in writing;
 - (c) the Appliance's serial number or warranty seal has been removed or defaced;
 - (d) the Appliance was serviced or repaired by anyone other than Residentia Group, an authorised repairer or ASR.
8. This warranty, the contract to which it relates and the relationship between you and Residentia Group are governed by the law applicable where the Appliance was purchased.
9. To the extent permitted by law, Residentia Group excludes all warranties and liabilities (other than as contained in this document) including liability for any loss or damage whether direct or indirect arising from your purchase, use or non use of the Appliance.
10. For Appliances and services provided by Residentia Group in Australia, the Appliances come with a guarantee by Residentia Group that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the Appliance repaired or replaced if the Appliance fails to be of acceptable quality and the failure does not amount to a major failure. The benefits to you given by this warranty are in addition to your other rights and remedies under a law in relation to the Appliances or services to which the warranty relates.
11. At all times during the Warranty Period, Residentia Group shall, at its discretion, determine whether repair, replacement or refund will apply if an Appliance has a valid warranty claim applicable to it.
12. Missing parts are not covered by warranty. Residentia Group reserves the right to assess each request for missing parts in a case by case basis. Any parts that are not reported missing in the first week after purchase will not provide free of charge.
13. To enquire about claiming under this warranty, please follow these steps:
- (a) carefully check the operating instructions, user manual and the terms of this warranty;
 - (b) have the model and serial number of the Appliance available;
 - (c) have the proof of purchase (e.g. an invoice) available;
 - (d) telephone the numbers shown below.
14. You accept that if you make a warranty claim, Residentia Group and its ASR may exchange information in relation to you to enable Residentia Group to meet its obligations under this warranty.

IMPORTANT

Before calling for service, please ensure that the steps in point 13 have been followed.

CONTACT SERVICE

The Australian Consumer Law requires the inclusion of the following statement with this warranty:

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

— THIS WARRANTY IS VALID IN AUSTRALIA ONLY —
